

BEEF PROFITS ON THE PRAIRIE

Educational seminar sponsored by the Kansas Limousin Breeders Association.

Saturday, November 14, 2015

Social hour 3:00-4:00 p.m. Program begins at 4:00 p.m.

Stanley Stout Center at Kansas State University Campus Manhattan, Kansas

Guest Speakers Include:

- **Dr. Bob Weaber**, associate professor/Extension specialist with Kansas State University. His areas of specialization are beef breeding and genetics, and cow-calf production.
- **Frank Padilla**, director of marketing, North American Limousin Foundation. Frank is in charge of marketing and promotion among seedstock producers, commercial cow-calf producers, auction markets, feed yards, and consumers.
- Other speakers include Dean Summerbell, executive secretary of the Heartland Limousin Association, along with several producers from across the state.

Food and refreshments will be served. Door prizes will be awarded for those in attendance.

**Please join us as we discuss the great attributes the Limousin breed has to offer,
and take a virtual tour across the state of Kansas.**

**For additional information contact KLBA President Clay Schilling:
785-694-4589 or bull@st-tel.net • www.KansasLimousin.org**
